

EMMANUEL U. OKECHUKWU

UI/UX, FRONTEND DESIGNER

Jos, Nigeria · 234 8133047531

okechukwuemmanuel79@gmail.com · [LinkedIn Profile](#) - [Behance profile](#)

Detail-oriented and reliable UI/UX and front-end developer with a strong foundation in business management. Proven ability to manage multiple projects efficiently while maintaining a positive and proactive approach. Skilled in user-centered design, web development, and visual communication, with a clear understanding of how to align technical solutions with business goals. Enthusiastic about contributing to team success through innovation, creativity, and collaboration, while demonstrating excellent time management, problem-solving, and organizational skills. Motivated to continuously learn, grow, and take on new responsibilities to meet team and project objectives. Seeking a full-time position where I can leverage both technical expertise and business acumen to drive success.

EXPERIENCE

2024

UI/UX DESIGNER, FIXXSOFTS I.S.

Designed and developed a user-friendly exam preparation app that allows students to generate customized practice questions across various subjects. The app includes a feature where students can upload notes, and the system generates relevant questions from their content. Leveraged Google's Gemini AI to not only create questions but also provide detailed explanations for each answer, enhancing the learning experience. Focused on creating an intuitive user interface (UI) and seamless user experience (UX), ensuring that students can easily navigate the app and access study materials with minimal friction.

MAY 2024

WEB DEVELOPER, TARABA STATE GOVERNMENT

Design the UI/UX of the official government website of Taraba state in Nigeria.

2023 - 2024

FRONT END DESIGNER (UI/UX), EPHOD

I create visually appealing and intuitive designs, conduct usability testing, maintain design systems, and collaborate with developers to ensure cohesive, brand-aligned solutions while effectively communicating design decisions to stakeholders.

2023 – 2024

FRONT END DESIGNER (UI/UX), PLSUBEB

Collaborated with the Plateau State Education Board to design and develop a user-friendly attendance system for schools. The system enabled teachers and administrators to efficiently track student attendance using Google's Gemini AI, which recognized text from images and processed it into usable JSON formats. Worked closely with UI designers to ensure the interface was intuitive, enhancing the user experience for non-technical users, while also collaborating with backend engineers to integrate the automated data processing seamlessly into the system.

The project streamlined attendance tracking and improved data accuracy through an innovative and accessible solution.

JUNE 2023

WEB DEVELOPER, ELBUBA FOUNDATION

Developed the official website for ELBUBA FOUNDATION an NGO that focuses on uplifting the underprivileged in Nigeria, especially in North-Eastern Nigeria.

MARCH 2023

GRAPHIC DESIGNER/ SOCIAL MEDIA HANDLER, TOTAL WOMAN MAGAZINE

Collaborated with the marketing team to design and execute social media campaigns, create visually appealing graphics, manage content calendars, post and engage on social media channels, and ensure all content aligns with brand guidelines for consistency across platforms.
